November 2012:

BK Heating Supports Macmillan Charity With Dragon Boat Race To Help Raise £350

During the August Bank Holiday in Hereford, Bruce Banister-Harding and BK Heating were asked by Macmillan Cancer Support to help crew a dragon boat with the help of a few friends from in and around Malvern.

Myself and the rest of the crew were, Jamie Drew (a local plumber who works with me sometimes), Martin Ziegler and his son Mark (Martin is a local tiler), Martin Downes who has a local business sharpening knives and scissors etc.

We also had James from Ready Rent, Linda and her family from Malvern Joggers, some volunteers from MSJ Gym and other associates along with friends from Malvern, Worcestershire.

Even though the weather wasn't kind to us we had a brilliant day, loads of laughs and plenty of cheering. We were very pleased to be in the final top four, quite an achievement for a scratch crew and were also able to give £350 to be split between Hereford Rotary Charities and Macmillan.
